**Re: Cultural Historic Area of Potential Effect for I-65 to US 31W Realignment  
and Reconstruction Project in Warren County, Kentucky (Item No. 3-16.00)**

Dear Mr. Goodman:

The State Historic Preservation Office has received for review and approval the Area of Potential Effect (APE) determination for the above referenced project. We concur with the findings of the Kentucky Transportation Cabinet and Federal Highway Administration that the proposed APE is currently adequate for factoring potential effects to historic properties. Should you have any questions, please feel free to contact David Pollack of my staff at (502) 564-7005 ext. 123.

Sincerely,

A handwritten signature in cursive script that reads "David L. Morgan".

**Re: "Eligibility Report Historic Sites, I-65 to US 31W Connector, Warren County, Kentucky, Item No.: 3-16.00" by Helen Powell**

Dear Mr. Goodman:

The State Historic Preservation Office has received for review and comment the above referenced cultural historic resources report. I concur with the author on six of the sites, Site 6 (WA-406), Site 36 (WA-433), Site 44 (WA-441), Site 47 (the Oakland-Freeport district), Site 55 (WA-14), Site 57 (WA-449) are eligible for listing on the National Register of Historic Places. I also concur with the author that Site 58 (WA-450), the Mt. Hebrew Cumberland Presbyterian Church and cemetery is eligible for listing in the National Register of Historic Places.

I also disagree with the report's author and concur with the findings of FHWA and the KYTC that Site 34 (WA-331), a Tudor Revival house, is eligible for listing in the National Register of Historic Places. Site 34 (WA-331) is eligible under criterion C as an exceptional example of the Tudor Revival style in Warren County.

Should you have any questions, please feel free to contact John Downs of my staff at (502) 564-7005, extension 127.

Sincerely,

A handwritten signature in dark ink, appearing to read "David L. Morgan".

**Re: Final Determinations of Effects to Listed and Eligible Historic Resources, Proposed I-65 to US 31W Connector in Warren County, Kentucky (Item No. 3-16.00)**

Dear Mr. Goodman:

The State Historic Preservation Office has received for review and approval the Final Determinations of Effects to Listed and Eligible Historic Resources for the above referenced project. Our comments are as follows:

**Site 2. Horse Shoe Camp/Horse Shoe Court (WA-220)**

We concur with the No Adverse Effect determination.

**Site 6. Mizpah Presbyterian Church Burial Ground (WA-406)**

We concur with the No Effect determination.

**Site 7. Andrew James Wardlaw III House (WA-11)**

We concur with the Adverse Effect for Alternatives 3 + 4 North and 3 + 4 South. We also concur with the No Adverse Effect from the Red, Blue or Orange Alignment, the No Effect determination from the US 31W Reconstruction, and the Adverse Effect from the Anticipated Indirect Land Use Change.

**Site 8. Garnett Byrant House/Glenn Place (WA-16)**

We concur with the Adverse Effect for Alternatives 3 + 4 North and 3 + 4 South. We also concur with the No Adverse Effect from the Red, Blue or Orange Alignment, the No Effect determination from the US 31W Reconstruction, and the Adverse Effect from the Anticipated Indirect Land Use Change.

**Site 34. Tudor Revival House (WA-431)**

We concur with the No Adverse Effect for Alternative 3 + 4 North. We also concur with the Adverse Effect for Alternative 3 + 4 South, and the No Effect determination for Alternatives 5 & 6: Red, Blue and Orange.

Mr. Anthony Goodman  
Page 2  
October 17, 2005

**Site 36. John Carpenter House and Cemetery (WA-433)**

We concur with the No Adverse Effect for Alternatives 3 + 4 North and 3 + 4 South. We also concur with the No Effect determination for Alternatives 5 & 6: Red, Blue and Orange.

**Site 44. James W. Cole House (WA-441)**

We concur with the No Adverse Effect for Alternatives 3 + 4 North and 3 + 4 South. We also concur with the No Effect determination for Alternatives 5 & 6: Red, Blue and Orange.

**Site 47. Oakland-Freeport Historic District**

We concur with the No Effect determination.

**Site 51. Fairview United Methodist Church (WA-13)**

We concur with the No Effect determination.

**Site 55. Mitchell House (WA-14)**

We concur with the No Effect determination.

**Site 56. William Gossom House (WA-73)**

We concur with the No Adverse Effect for Alternatives 3 + 4 North and 3 + 4 South. We also concur with the No Effect determination for Alternatives 5 & 6: Red, Blue and Orange.

**Site 57. Gossom-Roberts Cemetery (WA-449)**

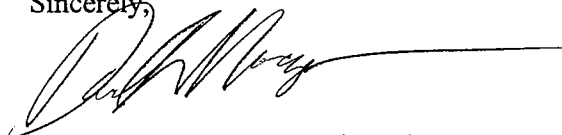

We concur with the No Effect determination.

**Site 58. Bristow Church and Cemetery (WA-450)**

We concur with the No Effect determination.

Should you have any questions regarding these comments, please contact Janie-Rice Brother of my staff at (502) 564-7005, extension 121.

Sincerely,

A handwritten signature in black ink, appearing to read 'David L. Morgan', with a long horizontal line extending to the right.

Mr. David M. Waldner, P.E.  
Director  
Division of Environmental Analysis  
Transportation Cabinet  
200 Mero Street  
Frankfort, KY 40622

Dear Mr. Waldner:

The State Historic Preservation Office has received for review and approval a revised archaeological report entitled "A Phase I Archaeological Background Review and Predictive Model of the I-65 to the US 31W Connector Preliminary Alternatives 3 and 4, Warren County, Kentucky" by John A. Hunter, Andrea H. Boelhauf, Myrissa Byrd, Andrew D. Madsen, and Patrick D. Trader.

The authors defined areas of archaeological potential along alternatives 3 and 4 for the proposed project (Item No.3-16.00). I concur with the Division of Environmental Analysis that an archaeological survey should be conducted for high probability areas within the defined right-of-ways for both alternates 3 and 4. We also concur with the high probability areas as defined and the strategy to sample them.

We look forward to reviewing the results of high probability survey. Should you have any questions, feel free to contact Charles Hockensmith of my staff at (502) 564-7005.

Sincerely,

A handwritten signature in black ink, appearing to read "David L. Morgan".

Mr. David M. Waldner, P.E.  
Director  
Division of Environmental Analysis  
Transportation Cabinet  
200 Mero Street  
Frankfort, KY 40622

Dear Mr. Waldner:

The State Historic Preservation Office has received for review and approval a revised archaeological report entitled "A Phase I Archaeological Survey of Alternatives 5 and 6 and High Probability Areas of Alternatives 3 and 4 for the Proposed I-65 Interchange in Warren County, Kentucky (Item No. 3-16.00)" by Patrick D. Trader, Andrea H. Beolhauf, and Dona R. Daugherty. This report was conditionally approved in my letter dated January 23, 2006 pending the requested changes.

During the course of the study, the authors documented 33 archaeological sites (15Wa121-15Wa154), 21 isolated finds, and one non-site locality. Based on the results of this study, the authors concluded that sites 15Wa121, 15Wa122, 15Wa123, 15Wa125, 15Wa126, 15Wa127, 15Wa129, 15Wa131, 15Wa132, 15Wa134, 15Wa135, 15Wa136, 15Wa137, 15Wa138, 15Wa139, 15Wa141, 15Wa142, 15Wa143, 15Wa144, 15Wa145, 15Wa146, 15Wa147, 15Wa148, 15Wa149, 15Wa150, 15Wa151, Wa152, the 21 isolated finds, and the one non-site locality (NSL # 1) are not eligible for listing in the National Register of Historic Places and would require no further work. The authors also concluded that archaeological sites 15Wa124, 15Wa128, 15Wa130, 15Wa133, 15Wa153 (Mount Hebrew Cemetery), and 15Wa154 (Gossom-Roberts Cemetery) are potentially eligible for listing in the National Register of Historic Places and should be subjected to Phase II test excavations if affected. Also, historic cemetery 15Wa138 should be avoided by construction activities. Finally, the authors recommend that once the preferred alternate is selected, those areas not previously surveyed (either denied access or not in the high probability study) should be surveyed. We concur with the authors' recommendations for these sites.

Mr. David M. Waldner  
May 10, 2006  
Page 2

We look forward to reviewing the report for the additional Phase I survey and the Phase II investigations once the preferred alternate is selected. Should you have any questions, feel free to contact Charles Hockensmith of my staff at (502) 564-7005.

Sincerely,

A handwritten signature in black ink, appearing to read "David L. Morgan". The signature is fluid and cursive, with the first name "David" being the most prominent.
